

## CANAL STEWARDS—CAN I HELP?

- I would like to join the Canal Stewards of Lowell Canalwaters Cleaners and help with: the removal of litter/trash/debris from the canals; and/or educational efforts on the unique history and environment of the canals. Please share my name and contact information with LCC.
- I want to learn more about canal stewardship and other Lowell environmental efforts through participation in:
  - Keep Lowell Beautiful (please send me info)
  - Sow It Grows (please send me info)
  - Lowell Parks and Conservation Trust (please send me info)
  - Flowering City (please send me info)
- I would like to learn about and share canal and city history with visitors by volunteering at gatehouses or other park sites on a continuing basis.
- I would like to learn about donating to the Lowell Heritage Partnership/Canal Stewardship Endowment. This endowment, coordinated by LHP, intends to assure that the Canalway remains a source of pride for the community through coordinated management and maintenance.
